PROFILE

I am a highly skilled frontend software developer with a passion for creating intuitive and user-friendly web applications. With [React.js, Vue.js, Angular], with a 3+ years of experience in the industry, I have a strong foundation in HTML, CSS, and JavaScript, and I'm constantly staying updated with the latest frontend technologies and frameworks.

My expertise lies in developing responsive and interactive user interfaces, ensuring seamless user experiences across different devices and platforms. I have a deep understanding of UI/UX principles and strive to create visually appealing designs that are both aesthetically pleasing and functional.

SKILLS

HTML, CSS, Javascript (ES6+)

● ● ● ● ●

State Managements

● ● ● ● ●

Redux, Pinia, Context API, Zustand

Performance Optimization

● ● ● ● ●

Web Performance, SEO Best Practices

Collaboration Tools

● ● ● ● ●

Jira, Trello, Notion

Cross-Browser Compatibility

● ● ● ● ●

Browser Testing, Polyfills

Collaboration & Communication

● ● ● ● ●

Agile Methodologies, Team

Collaboration, Design Collaboration

Javascript Frameworks

● ● ● ● ●

React, Vue.js, Angular, Next.js (React Framework)

CSS framework, Styling & UI/UX

● ● ● ● ●

Tailwind, Bootstrap, Styled-component, CSS-module, Responsive Designs

Version Control Systems

● ● ● ● ●

Github, Gitlab

Testing & Debugging

● ● ● ● ●

Unit Testing, Debugging

API Integration

● ● ● ● ●

RESTful Services, GraphQL

Soft Skills

● ● ● ● ●

Problem-Solving, Attention to Detail, Time Management, Staying Updated, Personal Projects, Continuous Learning

PROJECTS

Agency Banking

01/2023 – present

Agency Banking platform is a super functioning admin interface that consist 8 roles including superagent and staff, it is use to onboard agents and assigning terminals to agent, also onbaording of agent manger to manage various agents under them. it is also show and display terminal current locations through google maps api, commisson on various services such as withdrawal, airtime, data, electricity, and other vas collections.

Ibadan, Nigeria

SQI Coding College

PROFESSIONAL EXPERIENCE

HQTEC INC.

01/2024 – present | Canada

Tech Lead and Frontend Developer

As a seasoned Frontend Developer at HQTEC, I led the design and implementation of engaging and responsive user interfaces, making significant contributions to the success of key projects. My role encompassed managing the tech team, building resilient client-side applications, overseeing UI/UX improvements, and integrating with various backend services. This multifaceted experience showcases my expertise in Frontend Development and UI/UX Design.

Tm30 Global Limited

08/2022 – present

Frontend Developer

Lagos, Nigeria

As a seasoned Frontend Developer at TM30 Global Ltd, my core responsibilities span building applications from the ground up and implementing robust architectures to ensure scalability and long-term success. I specialize in crafting and maintaining dynamic user interfaces, addressing UI/UX issues promptly, and seamlessly integrating new features into existing systems. With a wealth of experience working on numerous projects, I bring versatility and a keen understanding of frontend technologies to ensure continuous improvement and stability.

SQL Coding College

09/2021 – 12/2022

HTML AND CSS TUTOR

Ibadan, Nigeria

As a CSS Tutor at SQL College, I played a pivotal role in shaping the next generation of web developers. My responsibilities included designing and delivering comprehensive CSS curricula, mentoring students, and fostering an engaging and interactive learning environment. My focus was on ensuring students grasped core CSS concepts and applied them effectively in their projects.

Key Responsibilities

- Curriculum Development
- Instruction and Lecturing
- Student Mentorship
- Practical Projects
- Assessment and Evaluation
- Classroom Management
- Professional Development for myself
